## PRESS INFORMATION,

Due to the ongoing pandemic and the associated worldwide lockdown measures and travel restrictions, Techno Classica Essen 2021 - *World Show for Classic Automobiles* - will not be able to take place.

**As scheduled in the international trade fair calendar, the next Techno Classica Essen will open its doors from 23 to 27 March 2022.**

Under the given circumstances a resumption of trade fair operations as well as the staging of Techno Classica Essen on the scheduled date in April of this year is no longer guaranteed. Our highest priority is the health and planning security of our exhibitors, visitors, employees and service providers.

Together with our exhibitors and partners, we will now concentrate on the successful planning and implementation of Techno Classica Essen 2022, with the aim of returning to the concept of Techno Classica Essen as the world show for classic cars for all passionate classic car fans, world trading centre and international business and networking platform for collector cars.

**Together with you we are already looking forward to a successful Techno Classica Essen 2022.**

We thank you for your solidarity and the confidence shown!

We will, of course, be pleased to answer any questions or comments you may have.

Yours sincerely
